- Event planning and management
- Customer service

Bianca Olaru

EDUCATION

Junior Programmer: Python and Automated Testing

IT Factory - Iasi, Romania, 2024

This 8 month course helped me start my journey in software development with a hands-on approach, working with trainers on different projects in Python. It involved learning thoroughly about back-end development for 4 months, followed by an automated testing module which required me to also learn HTML and CSS.

Bachelor of Science: Events Management

Canterbury Christ Church University - Canterbury, Kent, UK, 2021

During my 3 years of university I learned in depth about project management, marketing, accounting and research and data analysis, gaining organisational and problem-solving skills through both a theoretical and practical approach.

EXPERIENCE

Bookseller One Distribution Company - Iasi, Romania

11/2021 - Current

- Welcomed customers, addressed enquiries and provided information to promote positive communications and excellent service.
- Managed and updated company website.
- Organised multiple marketing events, such as book launches.
- Used problem-solving strategies to rectify difficulties quickly and effectively.
- Supervised and mentored junior team members.
- Reviewed and compared sales performance to meet desired targets.

Bartender Jones Nightclubs LTD - Canterbury, Kent, United Kingdom

02/2019 - 04/2021

- Mixed drinks and served wine, beer and non-alcoholic beverages for multiple guests simultaneously.
- Monitored supply levels and generated purchase orders for bar inventory.
- Maintained facility compliance with health codes, sanitation requirements and licence regulations.
